Mozart’s Musical Dice Game

Brief History of Mozart

Wolfgang Amadeus Mozart (German: January 1756 – 5 December 1791), baptised as Johannes Chrysostomus Wolfgangus Theophilus Mozart, was a prolific and influential composer of the Classical era. Mozart showed prodigious ability from his earliest childhood. Already competent on keyboard and violin, he composed from the age of five and performed before European royalty. During his final years in Vienna, he composed many of his best-known symphonies, concertos, and operas, and portions of the Requiem, which was largely unfinished at the time of his death. The circumstances of his early death have been much mythologized. He was survived by his wife Constanze and two sons.

Mozart learned voraciously from others, and developed a brilliance and maturity of style that encompassed the light and graceful along with the dark and passionate. He composed over 600 works, many acknowledged as pinnacles of symphonic, concertante, chamber, operatic, and choral music. He is among the most enduringly popular of classical composers, and his influence on subsequent Western art music is profound; Beethoven composed his own early works in the shadow of Mozart, and Joseph Haydn wrote that “posterity will not see such a talent again in 100 years.”[3]

Steps to play a Mozarts Musical Dice Game

To generate Minute
1 Roll a Two dices
2 Sum up the numbers on two dices
3 Select a measure
4 Match The Sum of two dices with row number and the measure number with the column heading with the measure table
You will get the Minute

To generate Trio
1 Roll One dice
2 Select a Trio
3 Match The number on dice with row number and the measure number with the column heading with the trio table
You will get the Trio By combining these generated Minutes and Trios we will get the Waltz (A piece of music)
