

## Admission Policy

### Procedures related to Admission to Post graduate courses for the academic year 2017-18

Principles:

1. The highest claim for admission is of merit
2. As a part of selection procedure at entry point, comprehensive uplift and service to society as well as the norms of social justice should be strictly followed.
3. In order to do justice to people who spend part of their life and allot time and assets towards the development of society through educational activities the management needs some say in the admission procedure. This also may be used for the benefit of meritorious eligible candidates who for some technical reason are not part of the admission process as well as for the marginal near merit class.
