Method of Calculation for Merit List of
M.Sc. (Computer Science)

- For the students from University of Pune, the admissions to M.Sc. (Computer Science) will be based on Entrance marks secured out of 100 (A+C as stated below) and marks secured in University examination in Principal Subject Computer Science (S.Y. + T.Y. out of 1200)
- The total marks secured in Entrance Examination out of 100 will be calculated as follows:
  1. Marks scored in Section – I out of 50 (say A)
  2. Marks scored in Section – III out of 50 (say C).

Thus marks out of 100 will be A+C.

For the students from University of Pune the merit will be on marks scored out of 100 calculated as follows:

Marks scored in Entrance Examination out of 100 converted to marks scored in Entrance Examination of 50 i.e. (A+C)/2.

Marks scored in University Examination in Principal Subject out of 1200 (say D) converted to marks scored in University Examination in Principal Subject out of 50 i.e. D/24.

Thus the merit list will be based on (A+C)/2 + D/24

For the students from other universities (other than Pune University) the merit will be based on Entrance examination marks, secured out of 100 only.
