### **REPORT OF INNOVISION-2018**

Industry-Institute Interaction Cell striving hard to bridge the gap between Industries & Academia, to foster effective interaction between Industry and Institute to impart meaningful education and to promote industrial consultancy & entrepreneurship. INNOVISION competition to foster the industrial research culture among the students and fetch the funds for the industrial R&D .The tag line of the INNOVISION 2018 was “Ideate ...Create....Validate and Market”. Many More plans in future for Industry Academia Collaboration by entering into the MOU with the various industries.

Innovision-2018 is the intercollegiate competition to showcase the research and innovation of those students, research scholars and faculties who have an exceptional research idea or project in their respective fields. To find out the solutions to problems in the Academia, Industry, Public, Government and Social Sector. Students from different streams from academic disciplines will participate and submit their innovative research projects, ideas, working models to the Judges.

Experts from the Industry, Research Institutes, Academia and Government agencies will evaluate the project and check for the practical feasibility of the project, idea, product or process, followed by a review by an expert committee and finally, the selection of the top project or idea in that domain.

**WINNERS OF INNOVISION 2018**
