### Action Taken Report on Feedback Analysis on "Teaching Learning Odd Sem 2021-22"

Department Name: Chemistry

S.N	Feedback taken from students	Action taken report
1	Bio-Chemistry, lecture time management should be followed. Need proper time management timetable should be provided .....	Time table was checked and counselling regarding adherence to the timetable was done.
2	Mam has multiple complaints regarding punctuality and time management. This complaint is repeated across semesters  She is an excellent teacher and students are happy with her but she too have recurrent time management issues. Syllabus is rushed in the end.  Excellent teacher, good mentor but students felt she was too busy in college work and wasn't available to them	The reason for non-punctuality was discussed and suggestion to improve was given  Suggestions to improve time management and to effectively implement teaching plan to complete the syllabus was given  Suggestions were given to strike a balance by adjusting the time table between college work and teaching was given
3	Inconvenience to students while conducting CE. Constantly Changes exam methods. Mam was did very misbehaviour with me , they doesn't solve our doubt, they don't think about students sometimes Sometimes we like your teaching Try to understand what students want.	Teacher was called and proper counselling was done on multiple issues
